The VOICE
of the TRIAL ADVISORY COMMITTEE

CHAIRMAN'S MESSAGE

I am really excited to send this edition of the Voice on to you. For the first time in a long while, the dogs that have earned new Field Champion and Earthdog titles are included. This is something that used to be done in the 1990's and I hope you enjoy seeing them again now. Also, Sherry Rugierr sent two submissions. If others have things they would like to see in the Voice, please feel free to send them on to me for consideration. Sandi Myers suggested congratulatory notes be included for clubs celebrating trial-giving anniversaries, so I am hoping you will help me put together a list of those dates. There are so many upcoming trials and results to publish, that I made a New Year's Resolution to get the Voice out more frequently in 2008. Look for the next issue in April.

Looking forward to seeing everyone at the National Field Trial and Earthdog Test in Texas.

When the invitation came for Auggie (FC Augden von Moosbach Zuzelek, ME, RN, VC) for the 4th Annual Buckeye Invitational Field Trial it was a real honor and I quickly responded that we would be there. That was in May and the Invitational takes place in November; there was a lot of time to consider what might happen. The top 20 field champions from the previous year are invited to participate, and 2006 was Auggie's first full year as a field champion. It was my goal for him to be in the top 20. That alone was a thrill. By the time the day of the Invitational had arrived, I had convinced myself that I simply wanted to at least make it to the third round.

The first two series are braced in the club house, and the following series are braced in the field. There are two pairs of judges and the pairs alternate judging series. It's a double elimination, "last dog standing" tournament; I choose to call it "Survivor – The Field Trial"! After two losses, a dog is eliminated; the judges determine and announce the winner at the end of each run; the final run is judged by all four judges.

The trial started at 9 am; the weather was good field trial weather, which means it was a pretty ugly day! The high was 41 and the low was 34 and it alternated between rain and drizzle most of the day. It was so exciting to be competing with these top field champions and there were some pretty incredible runs. After the first two rounds, Auggie was still undefeated (as were at least 5 other dogs). When it got down to 4 dogs left (Patt Nance's Nexus, Michael Pitisci's Brooke, Bonnie Mercier's Sophie and my Auggie), I realized we really had a shot at placing well, I knew we had at least a 3rd place! Auggie was braced with Nexus and it was an outstanding run (what little I saw). Nexus started out ahead of Auggie for a long straight lane run with a sharp check to the right. Nexus made the check first, while Patt and I were watching – but from there, we just weren't sure. When the judge called us to pick up the dogs, Auggie was guarding a hole and the judge later told me Auggie had taken the rabbit to ground! I was so proud of him and even prouder when they announced Auggie had won the brace. Sophie and Brooke ran their brace and Sophie came out the winner. It was Auggie and Sophie for the final run! We were exhausted, nervous and excited. Neither dog took the first rabbit that was tallied, since about 5 rabbits came out all at once! The second rabbit tallied was in the briars and then out for a very long lane run. Auggie came out of the briars, opening loudly and took the check; he ran down the hill about 30 feet and then came back to the check. At first I was thrilled, but when he started back up, I thought "uh oh", but he turned back around and went all the way down the fence line (about 100 yards), voicing like crazy. He was going so fast he tripped over his own nose! When he came to the creek, he made the check and then went across the bridge, made another check and kept on going! The judges all looked at each other...I looked at Phil and he was smiling...and then, I heard those awesome words "the winner of the 2007 Invitational is Auggie"! It was a moment I will always treasure. I was in seventh heaven and will always be able to play that final run over and over in my mind. We got a beautiful trophy and a ribbon bigger than Auggie, but the best prize of all was being able to take that fabulous dog home with us!

DCA FIELD TRIAL MERIT AWARDS: DCA Membership requirements for Awards will be in accordance with current policy as determined by the DCA Board for DCA Merit Award Programs. Only those points earned for placements in the Field Champion stakes at AKC licensed or member trials will count toward the DCA Field Trial Merit Awards. Points are tabulated using the Delaney System +1 for first through fourth place, based on the number of starters. In the case of ties, dogs will receive the same place award, with the next place(s) being skipped. A minimum of two placements in Field Champion stakes during the award year are required to earn an award, and/or be included in preliminary listings.

OPINION

Oh Split!

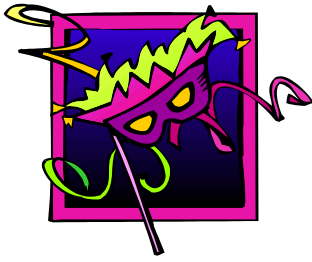

Submitted by Sherry Ruggieri

This past year I was able to attend field trials in the Midwest (Missouri and Illinois) and the South (Georgia, Mississippi and Texas). Since I live in the Northeast and field trial in New York, Maryland, Pennsylvania, Ohio and New Jersey, it was an opportunity to experience different field trial formats, conditions and grounds and to see other judges, handlers and dogs in action. For the most part, my experiences were great and I found the diverse conditions educational. For example, Illinois (Roscoe) has large and impressive field trial grounds, and Mississippi (Prentiss) has two concentrated smaller parcels. Yet both field trials were run very efficiently, and I had a wonderful experience at both sites. We were able to run against different dogs (although for some reason I seem to get paired up with Larry Gohlke's dogs a lot!) I was asked to judge in many places, so I really got to see a variety of dogs and their running styles. Another benefit for me is that I met some really great folks and I appreciate you all making me feel so welcome!

The one thing I was most impressed with was the splitting of the field champion stakes. I would love to see this happen more often. Splitting the field champion stakes allows the field trials to be completed at a more reasonable hour! In all the locations where the stakes were split we were done with the field trial by 3 pm on most of the days – some people were actually half way home by dark! In addition to that, it allows the field champions more opportunities. Instead of having 4 winners, you now have 8. It allows judges to call back as many braces that they think they need without worrying about time running short. Another plus is for experienced judges to judge field champion stakes; many folks who have field champion bitches, for example, would be more willing to judge field champion dogs, etc. I would also point out that it will allow field champion bitches in season to participate. I know there are some down sides to the splitting of stakes, but in my opinion the pros greatly outweigh the cons. If you have never participated in split stakes or if your club is considering splitting stakes, I encourage you to give it a try!
